IF YOU DO NOT AGREE TO THE TERMS OF THIS LICENSE AGREEMENT, YOU MAY NOT DOWNLOAD, INSTALL OR USE AJAX-ZOOM SOFTWARE.

1. Terms and Conditions of Use

Subject to the terms and conditions of this License Agreement, Licensor hereby grants You a limited, non-transferable, non-sublicensable, non-exclusive right to use AJAX-ZOOM software on your website - conditionally as stated below:

1.1 *Light Version for non-commercial and commercial use*

If You want to use AJAX-ZOOM on a **non-commercial** website or test / integrate it on any website, You can use the AJAX-ZOOM "Light Version" free of charge. No further permission from Licensor is required. You are not allowed to remove AJAX-ZOOM brandings from the player.

4. Warranties & Liability

4.1 Disclaimer of Warranties

UNLESS OTHERWISE MUTUALLY AGREED TO BY THE PARTIES IN WRITING AND TO THE FULLEST EXTENT PERMITTED BY APPLICABLE LAW, LICENSOR OFFERS THE WORK AS-IS AND MAKES NO REPRESENTATIONS OR WARRANTIES OF ANY KIND CONCERNING THE WORK, EXPRESS, IMPLIED, STATUTORY OR OTHERWISE, INCLUDING, WITHOUT LIMITATION, WARRANTIES OF TITLE, MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, NON-INFRINGEMENT, OR THE ABSENCE OF LATENT OR OTHER DEFECTS, ACCURACY OR THE PRESENCE OF ABSENCE OF ERRORS, WHETHER OR NOT DISCOVERABLE AND THAT THE SOFTWARE WILL BE COMPATIBLE WITH OTHER THIRD PARTY SOFTWARE, BROWSERS, SERVERS, PLATFORMS AND LIKEWISE.

5. Full Versions

This paragraph applies to You only, if You have paid the fee for a Full Version License, specified at www.ajax-zoom.com; unless explicitly stated differently in this paragraph all terms and conditions of this License Agreement remain valid.

5.1 Full Versions

Subject to the terms and conditions of this License Agreement, Licensor hereby grants You a worldwide, non-exclusive, perpetual right to use AJAX-ZOOM Software within **one "internet domain"** on a per customer basis; www.example.com and example.com is one internet domain; de.example.com ("subdomain") is another one.

To avoid any doubts: You are not allowed to serve domains other than licensed within an iframe, frameset, embed AJAX-ZOOM in applications, which do not show the URL using proxy servers or similar. An iframe license to your own domain(s) can be purchased separately. See also paragraph 3.2 (Services). Please contact the support to get an obligation-free quotation.

Additional "multistore" domains are discountable. Please contact the support to get an obligation-free quotation.

Changing the domain name(s) after purchase is not possible.

There are different License Types named "Basic", "Standard", "Business", "Corporate", "Enterprise" and "Unlimited". These Licenses mainly differ in the amount of images which are displayed on Your internet domain within AJAX-ZOOM software. By purchasing one of the full versions and use of AJAX-ZOOM You agree not to exceed the amount of images limited by the purchased License Type.

On "multistore" systems such as Prestashop or Shopware, where the subshops / multistore shops are operated on a server system with shared cache, the license of each subshop with a different domain or subdomain name must cover the number of images for all subshops with the different domain or subdomain names configured on that "multistore" system. This does not affect e.g. language subshops located under same domain (e.g. example.com/de and

example.com/en). Additional domain / subdomain names within a "multistore" system are discountable. Please contact the support to get an obligation-free quotation.

5.2 License Fee

All published prices are subject to be changed at any time and without any prior notice. Successful online transaction provided published prices constitute a valid offer in the moment of purchase of a Full Version License. All published prices are without VAT (value added tax). Depending on European Union law, VAT might be added.

Within European countries (EU) all offers exclusively address professional customers which have a valid VAT-ID; as a provider of web development services You can purchase Licenses for your customers domains.

5.3 Delivery

Upon paying the fee for a Full Version License, it is Licensor's obligation to deliver a License Key. The License Key can only be delivered by email specified during transaction and within five working days after receipt of the payment. By using electronic payments such as PayPal the License Key is usually delivered immediately after the payment is confirmed.

The AJAX-ZOOM software package is delivered via download on www.ajax-zoom.com; it can be freely downloaded and tested before purchasing one of the Full Versions Licenses.

5.4 Support

The Licensor provides unlimited access to technical support via email. Contrary to paragraph Licensor guarantees the provision of technical support for at least 30 days after the purchase of a Full Version License. This guarantee does not imply that a particular problem will be solved by the support. Technical support does not include any customization or installation services. These services can be subject of separate agreement.

5.5 Version Updates and Upgrades

- Upgrades to generally available bug fix- and minor releases are free.
- Upgrades within **one year** from the date of purchase are free of charge. If You purchased AJAX-ZOOM License within one year and two years period before the date of major release, the price paid for the older License accounts to 50%.
- Upgrades within different License Types as stated in 5.1 are only possible to "Business", "Corporate", "Enterprise" or "Unlimited" Licenses. In this case, the License Fee paid for a smaller License Type accounts to 50%. Downgrades are not possible. Calculation example: upgrade from "Standard" License to "Corporate" -> purchased price "Standard" €199, price "Corporate" €549; upgrade price: $549 - 199 \cdot 0.5 = 449.50$; for upgrading please contact the support.

ASP.NET / PHP - if you are using one of the modules like AJAX-ZOOM for Magento, Prestashop, Shopware, WooCommerce and the like or integrate AJAX-ZOOM manually into a LAMP system (Linux, Apache, MySQL and PHP), NGINX / PHP [...] you certainly need PHP license! ASP.NET is for IIS (Internet Information Services / Server) and other Microsoft products without native PHP installation.
